The diagram illustrates a 100-bit bus system. It consists of three main components: a 100-bit data bus, a 100-bit address bus, and a 100-bit control bus. The data bus is represented by a long horizontal bar at the top. The address bus is represented by a long horizontal bar in the middle. The control bus is represented by a long horizontal bar at the bottom. The address bus is labeled with '100' and 'bits' on the right side. The control bus is labeled with '100' and 'bits' on the right side. The data bus is labeled with '100' and 'bits' on the right side. The address bus is labeled with '100' and 'bits' on the right side. The control bus is labeled with '100' and 'bits' on the right side.
