

????????????????????
?? CAR/PAR

1.????????????

The diagram consists of two groups of horizontal bars. The left group has 8 bars, and the right group has 3 bars. Each bar is composed of small squares, and the length of each bar represents a value. The bars are arranged in two columns, with the left column having 8 bars and the right column having 3 bars.

Bar Index	Length (Number of Squares)
1 (Left)	15
2 (Left)	25
3 (Left)	20
4 (Left)	18
5 (Left)	30
6 (Left)	35
7 (Left)	35
8 (Left)	15
9 (Right)	20
10 (Right)	5
11 (Right)	20
